Our nurses' office has been moved to the space near the Lifestyle Center, providing a more private and professional atmosphere for our resident and families. The previous nurse office will still be used by nurses to provide treatments and administer meds; it will also be utilized by med techs and caregivers as a place to document care and store medicines and supplies.

With the weather warming up, there are a few outings for lunch and shopping this month. A trip to the Meadows is scheduled for later this month. Sign up to watch the horse races and take your chances on the slots!

Juneteenth (short for "June Nineteenth") marks the day when federal troops arrived in Galveston, Texas in 1865 to take control of the state and ensure that all enslaved people be freed. The troops' arrival came a full two and a half years after the signing of the Emancipation Proclamation. Juneteenth honors the end to slavery in the United States and is considered the longest-running African American holiday. On June 17, 2021, it officially became a federal holiday.
